

*German summer courses for teenagers (13-17 years)
Octorial programmes in Heidelberg*

OISE's goal is to make a real difference to the success of its students in their future lives. In order to focus on this goal, OISE Heidelberg offers young students the full day learning experience designed to meet a specific set of goals. Students of all levels are able to attend the programme in Heidelberg.

Grammar and Vocabulary: This helps to consolidate, practise and organise the grammatical structure and vocabulary of the German language.

Listening and reading: This is a continuation of the previous lesson. Students develop deeper listening and reading skills.

Project and Academic Subjects: Projects help students get used to self-study, teamwork, and accomplishing goals. Videos, journals, oral presentation or acting are some of the tools students use to communicate their project to the rest of the group. The course in academic subjects allows them to develop knowledge on a specific subject such as history, geography or literature.

Exam preparation: To take the exam in the best possible conditions. Weak points are analyzed by the teacher and class work is done to solve them. The teaching method is adapted to the preparation for the exam and to the needs of the student.

Activities & weekend: OISE offers a programme of activities during the week and on Saturdays to ensure that students make the most of their stay.

The school experience

Lessons are taught in groups of no more than 8 students, creating a close-knit and supportive environment where students are able to create bonds with each other and their tutors.

Tutors offer personal academic support to each student during their time at the school, and tutors work closely with students to help them achieve their goals. Alongside classrooms there are breakout areas, self-study areas, and spaces for relaxation. Students and tutors spend lunch and break times together creating a welcoming and study focussed atmosphere.

Heidelberg

Situated on the River Neckar, Heidelberg is regarded as one of the most beautiful cities in Europe. Its fairytale setting has captured hearts and minds for centuries and many of the world's most famous writers, poets and philosophers have been inspired by its landscape and architecture.

Heidelberg University is the oldest in the country and amongst the most prestigious in the world. Internationally recognised as a centre of scientific excellence and a driving force in research, Heidelberg offers a perfect environment for professional training programmes as our intensive German language courses for business and professional purposes.

Heidelberg is centrally located in Germany and easy to reach by train, car or plane. It is a compact city easily explored on foot and is a centre of cultural diversity. Open air orchestral concerts are a particular favourite with locals and tourists alike and take place in the magnificent castle grounds.

Accommodation

Young learners stay with a trusted local host family, provided on a full-board basis.
